On Language – New Research and Approaches
A Jubilee Collection of Papers in Honour of Corresponding Member
Prof. D. Sc. Emilia Pernishka. Sofia, Prof. Marin Drinov Academic Publishing
House, 2016. 475 p.

This jubilee collection comprises 46 articles and studies by Bulgarian and foreign scholars that encompass a broad range of topics. The largest share belongs to works in the areas of linguistics to which the major part of Prof. Pernishka's works is dedicated – lexicology, semantics, lexicography, neology, linguocultural studies. This is a further proof of the merit of the scholarly legacy of the renowned lexicologist which continues to serve as a point of departure for numerous linguistic studies.
